At the New Frontier Center we offer all Scouts the opportunity to work on all skills required to reach First Class. Scouts need not sign up for the entire week nor a complete time slot. Scouts can pick and choose which sessions to attend. Scouts attend whichever section that most fits their needs. We do not sign off on any rank requirements, we only teach those requirements and then the Scout must demonstrate what he has learned at the Troop level. See page 55 for Tenderfoot, SecondClass and First Class Requirements covered at the New Frontier Program.
